

Technical Specification Document

Product: Caudon Temporary Geo-Textile Newt Fencing 100m

Fabric Type: European manufactured PPH groundcover 105g/m²

<u>Technical parameters</u>	Standard	Unit	
Square weight	EN 965	g/m ²	105
Tensile strength Warp / Weft direction	EN ISO 10319	kN/m	20 / 14
Elongation at break Warp / Weft direction	EN ISO 10319	%	13 / 12
CBR – puncture resistance	EN ISO 12236	N	2350
Construction per 10cm in Warp / Weft direction			109 / 44

Hydraulic properties

Opening size O90	EN ISO 12956	mm	0,2
Water permeability h = 100 mm (10°C)	EN ISO 11058	l/m ² .s	15

Rolls sizes

Standard length 100m & 50m	Standard widths 1.05m, 2.10m, 3.30m, 4.20m, 5.25m
----------------------------	---

UV stability

Color	black	black-green	white
Years	650KLY (7 Min)	500KLY (5 Min)	400KLY (5 Min)
